Lillehammer 1

Lillehammer is a charming town at the entrance to the Gudbrandsdalen valley. With its 27,000 inhabitants and picturesque pedestrian street, it has a cosy village feel rarely found in urban settings. Lillehammer is one of Norway's most important cultural centres, and was recently awarded status as a UNESCO City of Literature. Storgata, lined with idyllic wooden town houses, provides the framework for a modern and friendly shopping experience and is an experience in its own right. Lillehammer was the host of the 1994 Winter Olympics, and there are several Olympic Arenas well worth a visit. It is a popular annual venue for both large and small events, such as the Nordic World Ski Championships, the Birkebeiner Races, and the Norwegian Festival of Literature. Numerous museums and cultural centres are also available, including Maihaugen, the Norwegian Olympic Museum, and Lillehammer Art Museum. These are only a few of the experiences on offer, and another attraction not to be missed is Skipladner - the world's oldest paddle steamer still in scheduled service.

Hafjell, Hunderfossen, Øyer 2

Wide range of adventure activities within a small radius: Hunderfossen Adventure Park is the country's very own fairytale adventure park, and with over 60 attractions it caters for every age group. Kids Farm Hunderfossen with over 150 small and large animals. Lilleputthammer Family Park is packed with exciting experiences for children under 9 years old. Hafjell Bike Park offers lift-assisted downhill biking for all skill levels. This is also the area where you find Lillehammer Olympic Bobsleigh and Luge Track, the Norwegian Road Museum, and Hafjell Golf. Furthermore, the Øyerfjellet mountain offers a spectacular scenery ideal for hiking, fishing, and biking.

Sjusjøen and Nordseter 5 7

Sjusjøen and Nordseter are the mountain areas closest to Lillehammer. Both are located a mere 20 km from the town centre, and are ideal for anyone interested in hiking and cycling. A network of way-marked trails and bicycle routes are available. Visit Natrudstilen, and you will also find a roller ski track with biathlon facilities.

*The numbers indicate where the destinations are located. Please see the overview map of Lillehammer and Gudbrandsdalen, page 66.

Kvitfjell, Venabygdsfjellet, Ringebu 3 10 12

Kvitfjell is home to Norway's most spectacular alpine runs - the very same that were used for the 1994 Olympics - and is an annual venue for the World Cup downhill race. On the eastern side of Gudbrandsdalen are the breathtaking Venabygdsfjellet and Rondane - a stunning high-mountain experience by car as well as by foot.

Rondane National Tourist Route offers spectacular views as you drive along and from its many vantage points ideal for a break. Ringebu is often referred to as Norway's smallest town, and its history as a commercial centre dates back to 1899. Here you will find a wide selection of speciality shops in charming surroundings.

Gålå, Rondablikk (Kvamsfjellet), Vinstra 6 11 13

Visit the central part of Gudbrandsdalen, and you will discover a spectacular mountain hiking terrain as well as a host of cultural experiences in an authentic setting. The town of Vinstra is the region's centre, and the highlight of the summer is the annual Peer Gynt Festival held at Gålå - in the World of Peer Gynt.

On the eastern side of the valley is Rondablikk (Kvamsfjellet mountain), which is a gateway to Rondane National Park. This is home to the Furusjøen Rundt races (mountain biking, running), also known as the Adventure of Rondane. Just north of Vinstra, you will find one of the best white-water rafting rivers in Europe. GoRafting offers adventures for visitors of all ages.

Skeikampen, Espedalen (Gausdal) and Skåbu 4 8 9

Skeikampen, some 45 minutes by car from Lillehammer, is a destination ideal for cycling and hiking. It is located in the mountain area known as the World of Peer Gynt, where you also find Kvitfjell, Gålå, and Espedalen. Follow the Peer Gynt route, and you will reach the mountain plateau at approx. 1000 metres above sea level.

The mountain destination Espedalen in Vestre Gausdal is another fantastic starting point for outdoor pursuits, whatever the season. This is also where you find Helvete Nature Park featuring Northern Europe's largest potholes. At Skåbu, just north of Espedalen, you can pick up Jotunheimvegen - a route leading directly to Jotunheimen National Park.

Synnfjell and Village of Dokka 14 15

Synnfjell mountain area is a true gem located 50 km from Lillehammer. With its forests and peaks, it is the ideal spot for both MTB and hiking enthusiasts. Synnfjell offers spectacular outdoor adventures all year round, and borders Langsua National Park. Its highest point is Spåtindtoppen at 1414 m a.s.l. Popular activities include dog sledding and Geocaching.

Offering the best of both urban and rural living, Dokka was the first in Norway to become an official village (Landsby) when this classification was introduced in 2009.

DO NOT MISS...

Peer Gynt Festival, 3-12 August

Peer Gynt at Gålå in 2017 was a great success, with a record number of visitors and excellent reviews. This coming summer, Jakob Oftebro and Nils Ole Oftebro will both be back in the role as Peer. If you missed this critically acclaimed play last year, the 2018-staging is a golden opportunity to put this right. Remember, this is the last chance to experience father and son Oftebro at Gålå, at least for now. Programme and tickets available at www.peergynt.no

Mountain concert "By Rondane"

Mountain concert "By Rondane", 12 August

Powerful sounds meet spectacular nature when the Peer Gynt Festival presents a meeting between Grieg's music (played by the Staff Band of the Norwegian Armed Forces) and Ibsen's words at Kvamsfjellet. This time, the roles are reversed. Peer Gynt is played by a woman (Ingjerd Egeberg), and Mother Åse (Ingar Helge Hilmlø) and Solveig (Marius Roth Christensen) by men. Also, do not miss Morgestemming with Mads Ousdal and the concert in Sør-Fron church featuring Iren Reppen. Programme and tickets available at www.peergynt.no

Literature Festival, 29 May to 3 June

The Norwegian Festival of Literature is the largest of its kind in the Nordics, with a varied programme for readers of all age groups. HOW TO GET AROUND - Eco-friendly transport

Foto: Opplandsrafikk

Gudbrandsdalen offer numerous opportunities for eco-friendly travel. Car is the most convenient form of transport in the region, but bicycle, bus, and train are excellent alternatives. Lillehammer Skystasjon is the main bus terminal, railway station, and taxi rank. Further north in Gudbrandsdalen, the main transport hubs are Ringebu Skystasjon and Vinstra Skystasjon. The E6 (the main north-south artery in Norway) runs through Lillehammer and Gudbrandsdalen.

By bus

There are bus services to most of Lillehammer's attractions every half hour, and there are also daily departures to Nordseter and Sjusjøen. During the period 23 June to 19 August, there is a summer bus service from Lillehammer to Hunderfossen Family Park, Lilleputthammer, and Hafjell Bike Park. For timetables, please see www.opplandsrafikk.no

By train in Gudbrandsdalen

The Dovre train will stop in Lillehammer, and has three daily services northbound to Trondheim. There are stops at Hunderfossen, Ringebu, Vinstra, Kvam, Otta, Dovre, and Dombås north in Gudbrandsdalen. For timetables and tickets, please see www.nsb.no

EVENTS TO LOOK FORWARD TO...

Biathlon season opening at Sjusjøen Ski Centre, 23 - 25 November

As always, the Norwegian biathlon elite join other world-class biathletes for a season opening at Sjusjøen. This is one of the few opportunities to experience our top men and women testing their skis and rifles on home snow. The event organiser promises wonderful days with plenty of excitement and high-quality spectator experiences.

Your Christmas story, Nov - Dec

December at Lillehammer is like a Christmas story filled with magic. A story about traditions and experiences, tied together by the bonds between those sharing the adventure. Such a story should be seasoned with a dose of excitement. Gudbrandsdalen, the valley of fairytales, offers a plethora of experiences perfect for the adventurous. A twilight-hour snowshoe walk, dog sledding across snow-clad hills, or moments of family joy in Lillehammer's unique pedestrian street – the choice is yours. The magic of Christmas stories is that even when written in snow, the cold snowflakes become memories that remain forever in your heart.

Furusjøen Rundt, 16 February

The ski race also known as the Adventure of Rondane, this year held for the 39th time. It has been widely praised over the past few years, and is excellent preparation for Birken. Leading through spectacular scenery, this is a simply stunning experience. The full distance is 45 km, but shorter options are available.

Alpine World Cup - Kvitfjell, 2-3 March

This World Cup race is the big event for Norway's world-famous alpine skiers. Kjetil Jansrud, the King of Kvitfjell, stormed to victory in 2017 during a dramatic and exhilarating weekend. Last year's race was a great success. The event organisers in Kvitfjell look forward to welcoming a full Norwegian national team competing for important World Cup points on home snow.

World Cup Lillehammer

World Cup - Lillehammer, 30 November to 2 December

This year's World Cup at Lillehammer will be a test of strength and endurance. The gruelling and intimate trails at Lillehammer will be challenging, and in a World Championships season the athletes have to partake from the start. Numerous large events have been celebrated at Birkebeineren Ski Stadium, and this is guaranteed to be another hit. This year, the sprint is back on the programme and will be held on 30 November. At the ski jumping arena, the men will go all out for the best possible placing in Nordic Combined, whereas last season's best ski jumper, Maren Lundby, will show off her skills on home ground in what will be the season opening for the women.

Birken Ski Festival, 9-16 March

Birken Ski Festival is a tribute to cross-country skiing, and is for everyone – regardless of age and fitness level. There are races suitable for all. Birken is a natural target to train for throughout the season, and moving towards the finishing line is the most important. Last year, some 17 000 people took part in a Birkebeiner event. Every single race ran without a hitch, and with happy and satisfied participants.
